## Jordan Randle Ryan Roberson – Tampa, Florida Area Neo-Nazi & Accelerationist, Identity Evropa

📅 On 6 Oct, 2019    👤 By [karma161](#)    💬 With [0 Comments](#)

Jordan Roberson AKA Pino is a neo-Nazi, podcaster of sorts, professional auto-mechanic (with one of the worst criminal driving records I've ever seen), and relatively new resident of Lutz, Florida.

He is a threat to those left of center, political orientation and has boldly encouraged the listeners of his podcasts / YouTube channel to join him in violent, armed insurrection of the government at the National Mall in Washington D.C.

What a shocker, he was involved with Identity Evropa enough to go out in person on a stickering campaign in downtown Tampa, as well as a banner drop in April 2018.

Jordan has been hyped on Telegram by the neo-Nazi Bowl Patrol and was initially identified to the general public by self-identified federal informant and neo-Nazi Christopher Cantwell.

"Pino" or "Pinochetball" has been on our radar for quite a while, mildly.

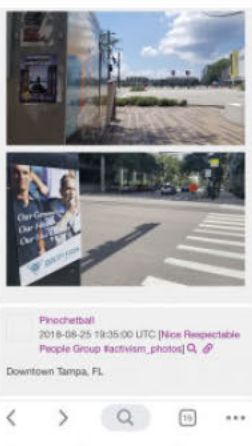

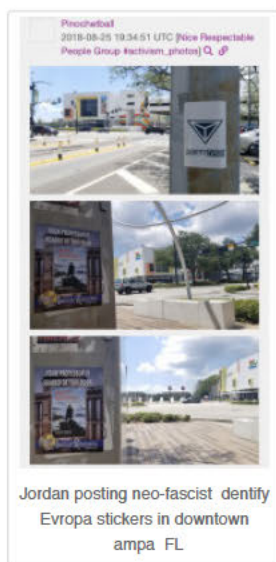

We'll cover some of Jordan's basic information later on. The reason that he appeared as a person of interest is because he's calling for armed insurrection; calling for those who hear his voice to grab their rifles and march on the National Mall (DC).

Below:

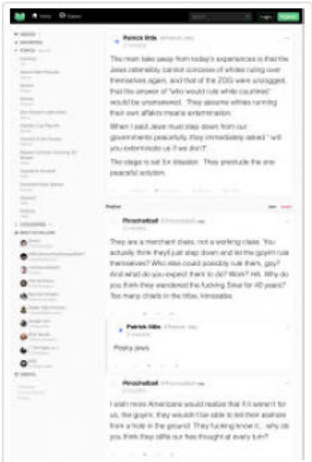

"We need to march on the national mall with violent intent."

"It's time to start putting our bullets where our mouths are."

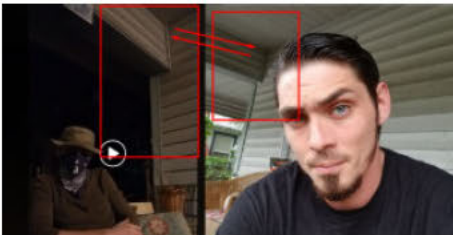

In addition, Jordan has run a variety of neo-nazi and fascist accounts across multiple social media sites. So many, we're positive we didn't get them all. They've got something in common though – death to communists (in this case meaning liberals, leftists and antifascists), because Jordan is a self-identified fascist. He's also an anti-government extremist with some serious anger issues.

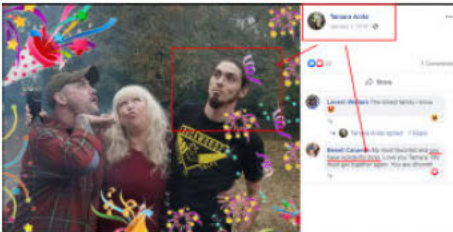

Jordan posts in discord about posting Identity Evropa stickers all over downtown Tampa, Florida.

## TO FASCISTS

---

t s way past time for discussion Oppressive beliefs are not “differences in political ideals” they are differences in moral ideals Speech against marginalized groups is the inciting of violence so we treat your speech as violence The government cannot speak out against you for speech but we can in our own way
